Florida is once again participating in the Congress-Bundestag Vocational Exchange Scholarship Program. This scholarship/exchange program is administered by Nacel Open Door and provides an opportunity for 25 graduating high school seniors from across the United States to spend one year in Germany learning the German culture and exploring their career interests. Florida has been very well represented with the selection of students each year. There are currently six students from Florida participating in this program. Please bring this scholarship/exchange program to the attention of students you feel would be good candidates and encourage them to apply.

The German vocational education system is quite innovative and has provided participating Florida students with a unique and worthwhile learning experience. A brochure about the program is attached.

Each high school in the state of Florida may nominate up to **three** students. Those nominated should possess the maturity and commitment necessary to be successful in an international exchange program. Although previous study of German is advantageous, it is not a prerequisite for scholarship selection.

Student applications will be reviewed by Nacel Open Door and the Division of Career and Adult Education. Select applicants will be invited to interview with the selection committee, who will then submit their recommendations to Nacel Open Door to choose the final scholarship recipients.
