KIDS**

WEDNESDAY

Oct. 7th

12 PM - 1 PM

In the Egret Room on the second floor of St. Johns County Health and Human Services Center located at 200 San Sebastian View, St. Augustine

Join us for a presentation by Sergeant Mike Strausbaugh on the Internet and how it is used by our youth today. He will be discussing the different apps they use on their phone, what they are used for, and how you can use them as well. There will also be a helpful program handout for all participants. Whether you are a parent, teacher, or someone who works with youth, this presentation will help you further understand what is going on in today's digital world and how you can keep your youth safe. Refreshments and finger foods will be provided.

Please RSVP to BridgetPACT@yahoo.com
