ARCHITECTURAL DRAWING

Our ACE mentor program would like to recognize and thank its many mentors that come in and work with a group of 25 students weekly. These mentors help students learn additional skills outside of the classroom time. Students are working on simulated world projects to produce a written and oral presentation to sell their project as if they were trying to win the job bid for the project. The projects students are working on include designing a Highway Interchange, Florida Olympic Stadium, and a shoreline design to help with flood zones and hurricanes. This is all possible through the dedication of the:

ACE director **Nicole Eubanks**

Lead Mentor **Kevin McEwen** of Stellar

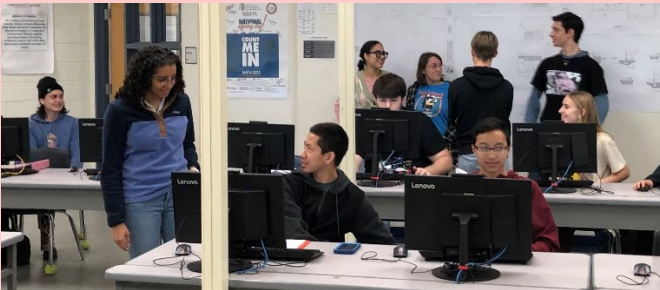

Kayla Lakatos of Gilbane Building Company

Dylan Scanlon of Matthews Design

Matt Pena and **Xan Newsome** of Russell Rowland

Miranda Pennington a US Navy Architect.

Without these mentors and their companies allowing them to donate their time this program would not be possible.

Industry certification exams not only help our students be career ready they may count as college credits! Make sure your future college or university knows about the certifications you have earned. Click here to learn more: [Earning College Credits](#)

Pedro Partners

Thank you for your partnerships with our students. These businesses provide industry mentors, guest speakers, job shadowing, internships, and supply donations to our students.

If you or a business you know would like the rewarding experience of helping our students, who will be the future industry leaders, please reach out to our career specialist: Kristina Bransford at Kristina.Bransford@stjohns.k12.fl.us or call at 904-547-8681.
