September 2024

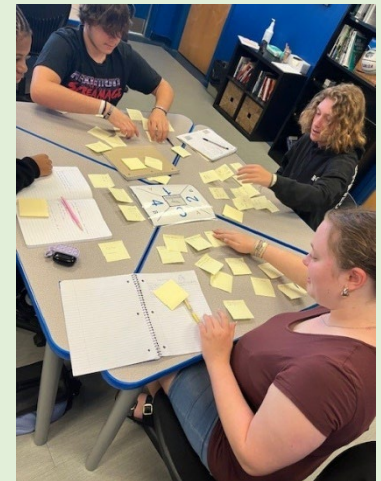

Pedro Menendez High School

Volume: 2 Issue: 2

Mr. Hendricks' Courses:

- **Management & Human Resources:** Students have learned about the history of management, managing in a global environment, and business ethics. Next, students will learn about the management function of planning and will create a SWOT analysis.
- **Business & Entrepreneurial Principles:** Students have identified a problem they're passionate about, brainstormed solutions to the problem, and selected a unique and innovative solution. Next, students will learn more about customer discovery and customer connections.

- **Personal Finance:** Students learned about financial planning, career planning, and budgeting. Next, students will learn about managing income taxes.

Mr. Davidson's Courses:

- **Business Analysis:** Students are doing their “due diligence” for our school store as they visit Ponte Vedra high school’s Shark Shack. It was great to see two schools working to help each other in a true entrepreneurial opportunity. Thank you to Mrs. Lankford for hosting our students.

More information to come about the “Grand Opening” of our very own school store

We have had our August and September FBLA meetings, with over 25 students in attendance at each. Meetings will be the 2nd Tuesday of every month in room 960. We have our officer team in place for this school year: Ja'Bri Steward is our President, Landon Coe is our Vice President, Wyatt Treaster is our Treasurer, and Mattie Thomas is our Secretary. New this year, we'll have a Community Service Project Committee, which consists of Caleb Jarrard, Leah Balasundram, and Elizabeth Edwards. FBLA is the largest business career and technical student organization in the world. It is a competition-based club that inspires and prepares members to become community-minded business leaders.

ACADEMY OF
**Future Healthcare
Professionals**
PEDRO MENENDEZ HIGH SCHOOL

Ms. Jones Making a Difference

We celebrate two of our Menendez Health Academy graduates as they continue their education to become EMTs.

Gabe Hughes

Noah Ziecheck

First day of emt/fire!!!!
Thank you Mrs Jones!!!!!!

Architecture and Engineering Design

The drafting 3 students are working with teachers to help them design their dream house. This project provides a real-world application as students meet with their "client" several times to design and make changes to their dream house. Teachers then receive the architecture plans which are a great starting point for any future architecture firm.

Students Soaring High

Industry certification exams not only help our students be career ready they may count as college credits! Make sure your future college or university knows about the certifications you have earned. Click here to learn more: [Earning College Credits](#)

Pedro Partners

Thank you for your partnerships with our students. These businesses provide industry mentors, guest speakers, job shadowing, internships, and supply donations to our students.

If you or a business you know would like the rewarding experience of helping our students, who will be the future industry leaders, please reach out to our career specialist: Kristina Bransford at Kristina.Bransford@stjohns.k12.fl.us or call at 904-547-8681.
